SIX CHILDREN ARE BURNED TO DEATH

The Parents and Two Others
Had Narrow Escape.

Gas Explodes Under Chicago Streets
—Fatal Automobile Accident
in San Francisco.

FATAL MISHAP AT EVANSVILLE.

Dude's, Pa., Dec. 13.—Six children
were burned to death at Lindsay
yesterday and William Morgan and
wife, the parents, with their two re-
maining children barely escaped with
their lives. The names of these burned
to death are:

Thomas, aged 11 years.
Pearl, aged 6 years.
Grace and Ethel, aged 3 years.
Rachel, aged 18 months.
Infant, aged 3 months.

Both father and mother were badly
burned in attempting to save their
little ones. The mother threw two
of the children from the upstairs win-
dows thereby saving their lives and
jumped herself as the roof fell in.
She was badly burned and will proba-
bly lose one foot as a result of her
injuries. The father is also badly
burned about the hands and face but
not seriously. The fire was discov-
ered by a neighbor who hastened to
the burning house and aroused the
sleeping inmates. At that time the
whole roof and rear of the house was
burning. The fire originated from a
stove in a small outbuilding adjoin-
ing the home of the family.

Fire in Manholes.
Chicago, Dec. 13.—Crossed elec-
tric wires and gas in manholes in
Jackson boulevard this morning
caused a fire which extended two
blocks. The fire was preceded by
three explosions, which broke the win-
dows in the railway exchange build-
ing, Stratford hotel, and Roth-
child's store.

Flames shot up in the air 75 feet.
The firemen finally extinguished the
dames by flooding the subterranean
passage.

Killed in Auto Accident.

San Francisco, Dec. 13.—John R.
Baird, a capitalist-brotherman was killed
in an automobile accident after
midnight while returning to the city
in company with a young woman.
The machine became disabled and the
young woman alighted. In trying
to steer the machine out of the
roadway it went over the embank-
ment falling on Baird and crushing him.

Messenger Boy Killed.

Evansville, Ind., Dec. 13.—Edward
Wernke, a Western Union messenger
was instantly killed this morning by
falling down a shaft three stories in
the Business Men's association build-
ing.

Shot Man to Death.

Knoxville, Tenn., Dec. 13.—When
the sheriff went to arrest Bob Wil-
liams for beating his wife Williams
handed himself in his home, fired
on and wounded the officer. A posse
was quickly organized, who charged
the house and shot Williams to death.

Postmaster an Old-Timer.

Washington, Dec. 13.—Gen. Wm.
T. Martin, whom President Roose-
velt has announced as his successor
for postmaster at Natchez, Miss., was
a Major-General of cavalry in the
Confederate states army. Gen. Martin
is reputed to be one of the "unre-
constructed" and stands high among
all Mississippians. Gen. Martin is a
close friend of Gen. Basil Duke, of
Kentucky.

Everybody in City and County is Invited to Open Meeting of the Commercial Club

Everybody is invited to a special
open session of the Commercial and
Manufacturers' Association to be
held at the Kentucky opera house at
Paducah Friday evening, December
15, commencing at 7:30. As every
citizen in the city and county is in-
terested in some, or all of the sub-
jects that will be treated by able
speakers, it is hoped and expected
that everyone within reach will make
it a point to attend this meeting. The
following excellent program has been
provided:

Presiding Officer—Mr. Earl Pal-
mer.

Address—Col. A. J. Decker.

Co-operation of Commercial Club

IS SATISFIED

Meriwether Says He Will Spend His
Time in Hard Work.

Annapolis, Md., Dec. 13.—Mid-
shipman Meriwether, speak-
ing of the verdict against him said:
"I am more than happy that the
court martial has declared I am not
guilty of causing the death of Mid-
shipman Branch. I do not feel that
my sentence is unjust and I intend
to spend my time in hard work, so
that I may make a record in navy
which will cause people to forget my
part in this sad affair."

ANOTHER DINNER.

Is to Be Given by James Hazen
Hyde.

New York, Dec. 13.—James Hazen
Hyde will give a dinner to Sarah
Bernhardt at his home here Sunday
night. Hyde says the dinner will be
most exclusive and only intimate
guests will be invited to meet the
noted actress.

PORTLAND MAN TO SUCCEED MITCHELL

John M. Gearin Selected by
Governor Chamberlain.

First Democratic Senator Since '78
Senator Mitchell's
Funeral.

MANY PAID LAST RESPECTS.

Salon, Oregon, Dec. 13.—It is an-
nounced that Governor Chamberlain
has selected John M. Gearin, of Port-
land, to succeed the late Senator
Mitchell. He will be the first demo-
cratic senator since 1878.

The body of the late Senator Mit-
chell was laid to rest in the family plot
in Riverview cemetery yesterday af-
ternoon. The body lay in state in
the count, chamber at the city hall
until two o'clock.

Not in years have the people of
Portland united to pay such rever-
ence to the dead and during the four
hours while the face of Senator Mit-
chell was exposed it was viewed by
thousands.

Flowers were received from
friends in all directions of the coun-
try. Services at the First Congrega-
tional church were conducted by the
Order of E. K. followed by an eulogy
by D. S. Cohn.

The funeral was attended by E. K.
the bar association and Odd Fellows,
besides hundreds of other citizens.

PROGRESSIVE MEN

Want the Governor to Recommend
Bureau of Immigration.

Capt. W. J. Stone, chairman of the
executive committee of the state de-
velopment convention, has appointed
E. A. McDowell, Louisville, D. B. E.
Hume, Frankfort; H. R. Joutel, Win-
chester; H. K. Coe, Owensboro; and
W. J. Thomas, Shelbyville a com-
mittee to request the governor to re-
commend to the legislature the cre-
ation of a Bureau of Immigration and
Information in the department of agri-
culture, labor and statistics, and that
they urge the general assembly to es-
tablish such a bureau.

Walked Two Miles With Bullet in
Brain.

Evansville, Ind., Dec. 13.—With a
bullet sticking in the edge of his
brain Silas Jones, aged 11, residing
near here, walked two miles and then
fell unconscious. He was shot by a
companion while hunting. The ball
will probably die.

VERDICT TONIGHT IN THE LOVING CASE

The Evidence Concluded This
Morning—Speaking Begins.

Congressman Ollie James and Com-
monwealth's Attorney Speak
Tonight.

JURY THEN TAKES THE CASE.

The case against H. H. Loving for
the alleged murder of H. A. Rose on
August 3, 1905, in the office of the
Kentucky Mill and Lumber Co., at
the Fraternity building, will go to the
jury tonight. The evidence in the
case was finished this morning short-
ly before noon and this afternoon at
1 o'clock speaking began and will be
continued tonight. Judge Reed an-
nouncing that he intended holding a
night session in order to finish the
case.

The prosecution finished its testi-
mony yesterday afternoon and this
morning the defendant concluded.

It seems to be the general opinion
that the defense made out a stronger
case in this trial than in the prelimi-
nary hearing and is predicted by
many that a verdict of acquittal will
be returned under the evidence as
adduced.

There have been many talks pre-
sented to hear the evidence, and tonight
the court room is expected to be pack-
ed with prominent people to hear the
speeches.

Mr. Loving's family remains by his
side, and this afternoon friends of
the murdered man, accompanied by
the little fatherless daughter, Ione
Rose, were at the court house to hear
the speeches.

The trial today passed off without
unusual incident other than the fil-
ing of Judge R. T. Lightfoot for the
prosecution. He commented on some
rulings of the court and was fined \$10
for contempt.

Six speeches will be made, each at-
torney being allowed one and one-
fourth hours in which to speak. At-
torney Hal S. Corbett for the defense
led off at 1 o'clock. He was follow-
ed by Attorney F. E. Graves, for the
prosecution. Following Mr. Graves
Attorney Campbell Plourney will
speak for the defense. He will be fol-
lowed by Judge R. T. Lightfoot, for
the prosecution. This will conclude
the afternoon speaking, but tonight
Congressman Ollie James will speak
for the defense and the argument
will be closed by Commonwealth's
Attorney John G. Lovett.

SISTER DYING.

Mr. A. H. Oliver, Called to Waverly,
Tenn., Today.

Mr. A. H. Oliver, transfer clerk for
the American Express Co. at the uni-
on depot, was called to Waverly,
Tenn., his home, this morning by a
telegram announcing the precarious
condition of his sister, Miss Mattie
Oliver, age 20 years.

The young lady has been ill of
consumption for several weeks. Last
night she was reported dying but
Mr. Oliver was unable to get a train
out until this morning.

PETTY THEFTS

Are Being Reported From Many
Quarters.

Mr. Henry Smith, of 431 North
Fifth street, reported to the police
this morning the theft of groceries
from his refrigerator on the back
porch. The police have received a
number of complaints of such petty
thefts and are exercising vigilance in
attempting to learn the identity of
the thief or thieves.

The police advise all people to
keep their houses, porches and other
doors locked and to leave nothing
that a thief can easily get.

Blackburn Comes Home.

Washington, D. C., Dec. 13.—Sen-
ator Blackburn has left for Louis-
ville to take active charge of his cam-
paign for re-election. Former Gov-
nor Yates of Illinois, an attorney for
Caleb Powers, introduced the attor-
neys for both sides to President
Roosevelt at the White House yes-
terday. The visit was purely social.

Death in Arcadia.

Mrs. Ellen Dowdy, aged 25 wife
of E. M. Dowdy, of Arcadia, died
this morning of complication after a
several weeks illness. The deceased
was born in Calloway county and had
been a resident of the city six weeks.
The body will be shipped to Murray
for interment.

WASP IS BACK.

Had a Stormy Time in a Heavy
Sea.

Newport, R. I., Dec. 13.—The gun
boat Wasp came into port late yes-
terday afternoon under one boiler
and several sails after a terrific bat-
tle with a North Atlantic hurricane
during which she sprung a leak, and
was kept afloat after her pumps chok-
ed, through hand bailing by her en-
tire crew. The vessel was blown nearly
to the Gulf stream by Sunday's
storm, and was nearly two days get-
ting back to port. At one time the
water, which came through a leak
in the stern flooded her engine room
and for ten hours Sunday the Wasp
was at the mercy of the waves. The
crew of 60 men, a third of whom
were naval apprentices and unused
to such boisterous conditions bailed
for many hours with buckets and
succeeded in freeing the engine room.
She left Saturday to aid a ship in
distress.

BIG UNDERTAKING

ILLINOIS CENTRAL DESIRES TO
CUT DOWN FRONT STREET.

Will Cost \$500,000 and Provide the
Road With Ballast, as Street
Is of Rock.

Chicago, Ill., Dec. 13.—The man-
agement of the Illinois Central has
just decided upon making a novel
improvement in the city of Nashville,
Tenn. which it has just gained entrance
by the acquisition of the Tennessee
Central railroad.

Bids have been asked by the com-
pany for the work of cutting down
the entire Front street hill which is
one of the main hills of that city. The
lowest bid thus far is \$800,000, and
it is likely that the contract will be
let at that figure. The hill is fully
five-eighths of a mile long and varies
from 20 to 60 feet high. At present
it is covered with buildings and
homes of the middle class. The hill
is of solid rock, and the contract will
comprise not only the blasting away
of the hill, but also the crushing of
the stone.

Operating officials of the company
have recommended the use of the
crushed stone for ballast, for which
it is said to be admirably adapted.
When the hill has been taken away
the Illinois Central will establish
freight yards upon the leveled ground
along the river and adjacent to the
wholesale district of the city.

In the Front street hill there is, it
is estimated, at least \$50,000 cubic
yards of stone, which will be suf-
ficient when crushed to ballast 281
cubics of track, figuring 3,000 cubic
yards to the mile. It is the purpose
to use it to ballast the track between
Hopkinsville and Nashville, possibly
to use some of it for fills and to sell
the rest to other railroads for ballast.

KENTUCKIAN KILLED.

Blast Blows Out His Eyes and Mau-
gles Him.

Evansville, Ind., Dec. 13.—Dick
Burnett, of Owensboro, Ky., employ-
ed in building the Evansville and Mt.
Vernon Electric line, was fatally in-
jured today by the explosion of a
charge of dynamite. His eyes were
blown out, the flesh torn from his
face, head, arms and legs. Burnett
accidentally struck the charge with
his pick.

Declines Bishopric.

Norfolk, Dec. 13.—Dr. Lloyd,
missionary secretary of the Episcopal
church of America, today officially
declined the bishopric of Southern
Virginia. He previously declined the
bishoprics of Mississippi and Ken-
tucky.

OIL MAGNATES HAVE COME OFF THE PERCH

Rogers and Archibold Agree to
Accept Service.

And Testify in the Missouri Cases—
Prudential Man a Witness in
Investigation Today.

CASES AGAINST THE PACKERS

New York, Dec. 13.—Henry H.
Rogers and Jno. D. Archibold of the
Standard Oil company, have through
their attorneys consented to accept
service on subpoenas issued by the
courts here in the Missouri cases
against the Standard Oil Co. It is
expected that Jno. D. Rockefeller
will also give evidence. It is gener-
ally believed that this course was
taken probably to avoid admission of
the connection between the Stand-
ard Oil company of New Jersey, and
subsidiary companies.

The Insurance Investigation.

New York, Dec. 13.—John K.
Gore, actuary of the Prudential Life,
was a witness before the investigat-
ing committee today. He presented a
statement showing that the total
amount received by the company in
premiums for five years, ending last
December, was a hundred and ten
million dollars. During the same pe-
riod the company paid in death
claims, annuities, etc., \$29,241,000.
During the entire time the company
has been in business the total pre-
miums received were two hundred and
eighty-seven millions. Of this, nine-
ty-two millions were paid policy hold-
ers and beneficiaries. Over 90 per-
cent of the surplus proper, said Mr.
Gore, is held to pay the dividends of
policy holders.

The Packers Cases.

Chicago, Dec. 13.—This morning
a hundred and ten gentlemen ap-
peared in federal court to qualify as
jurors and hear the issue of fact rais-
ed by the packers in their pleas for
immunity from prosecution.

HAS PNEUMONIA.

Capt. Pat Halloran Is Ill in Evans-
ville Hospital.

Capt. Pat Halloran is reported
quite ill at Evansville. He has pneu-
monia, and was taken from Cedar
Bluff, which is near Princeton, Ky.,
to Evansville, Ind., yesterday and is
now in the hospital at Evansville.
Capt. Halloran is superintendent of
the Katerjohn Construction compa-
ny's works at Cedar Bluff and is one
of Paducah's most popular men. His
many friends will wish him a speedy
recovery.

DEAL CONSUMMATED.

The Lawson Property at Seventh and
Broadway Sold to Dr. Dillon.

The deed arrived today for the
Jack Lawson property at Seventh and
Broadway, which has been sold by
the owners, the McDaddens, to Dr.
Marmaduke Dillon, formerly of Pa-
ducah, but now of New Orleans. The
price paid for this valuable corner
site was \$19,000. Dr. Dillon has not
decided what he will erect on the
property, but it will be something
fine and up-to-date.

JOINT MEETING.

May Be Called For Tomorrow Night
by Mayor Yelzer.

Mayor D. A. Yelzer said this after-
noon that he had not decided when
to call a joint meeting of the legis-
lative boards to elect city officers. It
has been reported that he would call
the meeting for tomorrow night, but
the mayor stated this afternoon that
he had not decided when he will call
it.

Convicts Escape.

Frankfort, Ky., Dec. 13.—While
Sheriff Schmidt, of Jefferson county,
was bringing John Kline and Thomas
Williams, handcuffed, to the peniten-
tiary today, both jumped from a Lou-
isville & Nashville train. They were
captured while hiding in a clump
of woods and sustained only scratches
from their leap.

Mutual Life's New Secretary.

New York, Dec. 13.—Charles A.
Peabody was elected president of the
Mutual Life today, salary \$50,000.

den hairs.

CATHOLIC MEETING

Of National Importance to Be Held
at Chicago.

Chicago, Dec. 13.—A gathering of
Roman Catholics of great significance
to the national interests of the church
will be held in Chicago today when
representative clergymen and laymen
from all parts of the country will
meet to present the organization of
the new church-extension society.

The object of the society is to pro-
vide a fund for the aid of parishes
which are too poor to support their
priests and churches.

30,000 HANDS

Are to Get Raises in Wages on
January 1.

Lawrence, Mass., Dec. 1.—The
American Cotton company has an-
nounced that it will advance the wa-
ges of its employees, beginning Jan-
uary 1. Salaried employees and offi-
cials will not participate in the in-
crease. The company has thirty mills
and employs thirty thousand hands.

ANOTHER BIG PLANT TO BE ESTABLISHED

Manufacturer of Wooden Ar-
ticles Arrives in Paducah.

Expected to Have a Factory Here If He
Gets the Proper Encourage-
ment.

VISITS THE COMMERCIAL CLUB

Mr. J. B. Etherington arrived in
the city this morning, and is making
his headquarters at the Commercial
Club.

Mr. Etherington is interested in
the manufacture of a large number
of articles made from wool that have
a large sale in this country, and are
shipped in large quantities abroad.
He is able to use a great deal of ma-
terial that our local mills discard as
waste. Mr. Etherington is a friend
of Mr. S. A. Holbrook, who has
expressed his intention of establish-
ing a sweater plant in Paducah.

These two gentlemen and their as-
sociates expect to join forces, and es-
tablish a large plant in Paducah, if
they can meet with any encourage-
ment from the citizens, for the man-
ufacture of their various products.

Mr. Etherington will be in the city
two or three days, and any of our
citizens interested in assisting to in-
crease him and his friends to locate in
Paducah, can find him at the Com-
mercial club.

DIED IN ALABAMA.

Mr. W. B. Milne Called Away On a
Sad Mission Yesterday.

Mr. W. B. Milne, one of the city's
inspectors, has gone to Riverton,
Ala., where his father died. The de-
ceased was quite an old man, being
86 years old, and resided at Riv-
erton with his son, John S. Milne. Mr.
Milne received no particulars of his
father's death further than that he
died from advanced age.

Mr. Milne came to Paducah from
Eddyville about a year ago, and is a
brother-in-law to Mr. Ned Baker, of
The Sun.

LIONS FIGHT.

Largest in Captivity Kills His Two
Opponents.

Dublin, Dec. 13.—The menagerie
of Frank Haddock, the American an-
imal trainer, was the scene this morn-
ing of a fierce struggle between
three lions. Two adult lions attacked
Duke, the largest lion in captivity.
Duke succeeded in killing them both.

College Committee Met.

The Methodist college committee
held a meeting at Hon. Charles K.
Wheeler's office in the Fraternity
building yesterday afternoon and
discussed the proposed college and
its location in Paducah, and adjourn-
ed to hold another session Friday. It
is expected by that time to have
something to make public in regard
to the work.

Another for Prayer.

Frankfort, Ky., Dec. 13.—Senator
Brent Spence, of Newport, has pub-
licly announced he would support
Judge Paynter for senator. He has
been claimed as a Blackburn sup-
porter.

JOHN SHARP MAY LOSE LEADERSHIP

A Threatened Revolt Against
Democratic Leader.

Hearst and Others Said to Be After
His Scalp As the Minority
Leader.

WILLIAMS REFUSES TO TALK

Washington, Dec. 13.—John Sharp
Williams is in grave danger of being
deposed as Democratic leader in the
house of representatives as the re-
sult of a serious party row. W. R.
Hearst and his followers and the ad-
herents of Representatives Lamar, of
Florida, and Shackelford, of Missou-
ri, will be arrayed against the Wil-
liams forces. The row grows out of
the reported intention of Williams to
discipline Lamar and Shackelford
for their alleged bolting of the Demo-
cratic caucus last year on the rail-
road rate question and for reporting
to the house Hearst's bill.

Lamar and Shackelford are threa-
tened with removal from the com-
mittee on interstate and foreign com-
merce as punishment. Leader Wil-
liams has completed his committee
assignments of Democrats.

The row is a continuation from
last session. Mr. Williams favored an
amendment to the army appropri-
ation bill that Gen. Miles receive full
pay as an army officer while in com-
mand of the Massachusetts militia.
The amendment was adopted by the
house, but the senate struck it out.
When the measure was returned to
the house, Democrats led by Repre-
sentative Hay of Virginia, opposed
the proposition and it was beaten.

Mr. Williams was very angry and
issued a call for a caucus, at which
it was announced he would resign the
leadership. The caucus was held but
the Williams resignation was not
mentioned. Instead the caucus con-
sidered the railroad rate question
and decided to support the Dacey
bill.

Those opposed to Mr. Williams
declare that the party was not bound
by the caucus and that Democrats
were at liberty to offer amendments
to the Dacey bill. This measure was
amended by friends of Mr. Williams
on the floor of the house, and Mr.
Williams himself sought to offer
three sections, but he persisted in
the view that the Democrats were
bound by the caucus and when Shack-
elford and Lamar reported the
Hearst bill, although they had voted
for the Unwev measure, his anger
was renewed.

There has been considerable cor-
respondence between Mr. Williams
and those whom he charges with
having bolted the caucus, and in
these letters Mr. Williams character-
izes Mr. Hearst as "a hound who
runs ahead of the pack to throw
them off the scent," and notwith-
standing Williams defied the at-
tempt of Lamar to read the letters
on the floor of the house, the trio
and their friends will make one of
the liveliest fights seen in years in a
caucus.

No definite steps have been taken
to select a leader to succeed Mr.
Williams, but Champ Clark, of Mis-
sour, is regarded as the man most
likely to be chosen. It is declared
Mr. Williams is now losing control
of the minority. When Mr. Williams
was seen last night he declined to
discuss the subject.

DIED IN TEXAS.

And at the Same Time An Uncle Died
in Murray.

Murray, Ky., Dec. 13.—Informa-
tion was received here today from
Fort Worth, Tex., announcing the
death of Robert L. Ellison, Jr., of
that city. Mr. Ellison was 37 years
old and was the only son of Col. R.
L. Ellison, who prior to his removal
to Fort Worth, was for many years
the leading merchant and capitalist
of Murray. A coincidence is that
when the message announcing his
death was received here by his uncle,
Nat Ryan, Mr. Ryan was writing
one announcing the death of A. J.
Cain, of this place, an uncle of young
Ellison. Mr. Cain died here at the
same hour of Ellison's

SPRAGUE'S CREW.

Left Railroad Coach in Awful Condition Here.

When the Cairo-Paducah accommodation train pulled into the depot this morning one coach, the smoker, appeared to have been converted into a pig pen or something equally as dirty and uninviting.

The greatest part of the crew of the steamer Sprague, the biggest towboat in the world, which is laid up at Cairo, occupied the smoker and were mostly foreigners, Italians, many of them seemed to be drunk and when changing from one train to the other, the crew being en route to Cincinnati, there was a jabbering on the platform that sounded like a congregation of magpies.

The condition in which they left the coach would be hard to describe, but it was such as to make the coach inspectors and cleaners very mad, especially when steamboat men ride for half fare on all trains.

The coach will have to be subjected to a great deal of fumigation and cleaning before it is fit to use again.

An umbrella for Xmas. A special showing at 81.00 each.

CHRISTMAS EVE

Falls On Sunday This Year—Avoid the Rush.

The postoffice authorities here desire to call the people's attention to the fact that Christmas eve falls on Sunday this year, and in order to handle everything promptly, everything should be sent in time to be handled before Sunday. The postoffice will be open but an hour Sunday, and the following day, Monday, will be a national holiday, so little will be done about the postoffice from Saturday to Tuesday.

CHIEF COLLINS IS TO HAVE REFORMS

Will Require Officers to Dispense With Profanity.

To Keep All Out of the Chief's Office Who Have No Business There—Changes a Beat.

GOOD POLICE WORK DONE

Policemen who are addicted to the use of profanity will have to curb their tongues in the future in the police station, this order having been given out by Chief of Police James Collins immediately after re-election. He will also require neat, clean uniforms and polished shoes.

There was some complaint made by the commissioners of profanity among the officers in the police station, so Chief Collins will put a stop to it, not because the commissioners complained but because he has really started a reform in the methods of conducting the station.

"After the first of the year you reporters will have to come to the window and meekly ask for your news instead of going to the blotter and copying what you see," Chief Collins declared. "I am going to run this station in true metropolitan form and will have a censorship on such news as I believe should not be given out. I have ordered the men to cease vulgarly of profanity in any form in the station and think I will have an ideal force hereafter."

Some one jokingly remarked that Jack Whitesides, known as "Three Fingers Jack," who has been converted and is now a good churchman, infused the good intentions into the chief. Jack paid the police station a visit last week and forgave all those against whom he harbored ill feelings and it is facetiously asserted that some of the spirit was absorbed by the chief and that as a consequence he started the reform.

Only one change in beats has been made by Chief Collins, this being the transfers on the Kentucky avenue and depot beats. Officer Albert Senger has been placed on the former beat with Officer Emil Goureaux and Officer Ed Alexander has been taken from the Kentucky avenue beat and transferred to the depot to patrol with Officer James Clark.

The police force has done excellent work during the past year; the detectives have clearly shown that the plain clothes jobs are profitable to the city, and the public should feel proud of the excellency reached by the police. A good police force is one of the best advertisements to a city, and Paducah has gained quite a reputation for having an efficient and up to date one.

CAIRO'S POLICE CHIEF.

Is Here Today Attending Court and Visiting Officers.

Chief of Police M. S. Egan, of Cairo, Ill., arrived in Paducah this morning to attend the Loving murder case, he having been summoned as a witness in the case.

Chief Egan is practically a new man in the police business, but has made an excellent officer since he went into office. He has started a reform move in Cairo and periodically the congregation of crooks is broken up and driven from the city. Chief Egan was met at the depot by Detectives Moore and Baker, and while here will as much as possible be a guest of the police department.

Capt. Jack McCaffrey has returned to Davenport, Ia., after a visit to friends here.

The business on the wharf was very heavy this morning and the wharfbow was jammed with wagons unloading and loading freight.

The stage of the river this morning was 24.2 feet on the gauge, a fall of 0.9. Cold and cloudy.

The H. W. Buttorff is due from Clarksville, Tenn. She is late and will leave soon after her arrival for Nashville.

The Tennessee will leave at 6 p. m. for the Tennessee river.

The Joe Fowler was early this morning, arriving from Evansville at 7 o'clock. She left on her return trip at 10 a. m.

The Royal arrived at 10 a. m. from Goleonda and left at 2 p. m. for the same port.

The Dick Fowler left at 8:30 a. m. for Cairo with a big freight and passenger trip.

The Charleston left yesterday afternoon for Nashville and will return the latter part of the week.

The City of Savannah is due tomorrow from the Tennessee river for St. Louis.

The City of Saltville is due tomorrow from St. Louis for the Tennessee river.

The Peters Lee is due from Cincinnati for Memphis.

The Rees Lee is due Friday from Memphis for Cincinnati.

The Warren arrived at 11 a. m. from Memphis, where she has been operated under lease by the Lee line.

In landing above the wharfbow she struck it with great force and caved in her right guard but the damage is small. She was brought up by Capt. Royce Herriman. Her owner, Capt. A. B. Massey, and Capt. D. C. Heath, of Burnside, Ky., are here and Capt. Massey at once took charge of his boat which he will take to Burnside.

The Clyde was pulled away from the wharfbow today and moored below. She is at present not running.

The James T. Duffy arrived this morning from the upper Ohio river with a tow of ties and left for below to unload.

The Charles Turner arrived this morning from the Cumberland river with a tow of ties and went to Joplin to unload.

The Raymond Horner and the Boaz passed down this morning with tows of coal. The Horner lost five barges of coal at Haverhill, Ky. Saturday night and she was also damaged.

Another Sensation Created in Hargis Case at Lexington.

Lexington, Ky., Dec. 13.—Judge Watts Parker of the circuit court created a sensation yesterday when he called the grand jury summarily into the court room and charged it to take up at once a charge just made that a certain juror had been offered a bribe to find a verdict in favor of Judge James Hargis of Breathitt county in the recent trial of Hargis for the assassination of Jas. Cockill. The matter reached the court through the columns of The Voice, a prohibition paper edited by Rev. Edward Snodgrass, who published that a juror in the Hargis case had admitted to him that he had been offered a bribe but refused to accept. Snodgrass was summoned and the jury at once entered into an investigation of the case.

SERGEANT NOYES

RECEIVES ADDITIONAL INSTRUCTIONS FROM HEADQUARTERS.

Quite a Number of Recruits Enrolled in Paducah During the Past Few Days.

The following telegram was received by Sergeant Noyes of the local recruiting station at the New Richmond last night:

Washington, D. C., Dec. 8, 1905.
Recruiting officer, Third and Main streets, Evansville, Ind.: Exceptionally desirable colored applicants for original enlistment for infantry may now be reported for action this of fice. WARD, Military Secretary.

There are only two colored infantry regiments in the U. S. army, the 24th and 25th infantry, with a total enlistment strength of about 1,500 men. Hence it is probable that these vacancies will soon be filled.

Authority was obtained by Sergeant Noyes today for the enlistment of John J. Claffey, for the 12th cavalry band at Fort Oglethorpe, Chickamauga, Ga.

Lieut. Wm. L. Reed, 11th infantry recruiting officer will visit the local station Thursday to enlist Claffey and Ray E. Collins, the two applicants on hand at the local station.

The following men were selected by Lieut. Reed during the week ending Dec. 9th: Andy E. Myers, son of Charles Myers, of Natrona, Penn. John W. Ressler, son of William Ressler, of Leadville, Colo.; Reuben I. Selbert, son of S. H. Selbert of Hartford, Ky.; Gauey Wilson, son of Cash Wilson, of Oakley, Ky.; Robert J. Ray, son of Mrs. Mary E. Ray, of Booneville, Ind.; Joe H. Jolly, son of Mrs. Mary Hardy of Fulton, Ky., and Edgar Simmons, son of C. H. Simmons, of Cloverport, Ky.

Recruits Ressler, Selbert, Wilson Ray and Simmons enlisted for the United States infantry. Recruit Hardy for the 8th company of coast artillery, by special authority of the secretary of war. Recruit Myer for the United States cavalry.

These men were sent to Jefferson Barracks, Mo., for instruction prior to joining their commands.

One man was rejected during the week at Evansville station, one at Owensboro Ky., one at Vincennes, Ind., and four at the local station.

TOWBOAT HORNER PASSES.

Craft That Weathered Gale is Bound For Mississippi.

The towboat Raymond Horner, Capt. Dippold, bound from Cincinnati to the lower Mississippi with a coal fleet, passed here yesterday. Capt. Dippold said that the gale through which he passed while at Cannelton Saturday night was one of the worst in his experience of many years on the river. The Harry Brown lost 32 loaded coal boats and the Horner lost five, making the total loss thirty-seven. The boats, which will be total losses, were valued at upwards of \$60,000. No plans have been prepared for raising the coal that went down. The Horner gathered up the remnants of the two fleets that suffered in the gale, making forty boats and started southward while the Harry Brown went back to Louisville.

AFTER HARGIS IS OUT OF OFFICE

The Noble Brothers May Surrender.

They Claim They Fear Assassination—Hargis Wants No Troops.

SHERIFF OF HELL'S GOOD WORK

May Surrender.

Jackson, Ky., Dec. 13.—Sheriff Callahan and County Attorney Hanton say that they have heard nothing of the Noble boys since they left Jackson Sunday night immediately after the killing of Holliday. Their brothers, Henry H. Noble and Elsie Noble, said to the sheriff and county attorney they would not surrender to the authorities until Judge Hargis' term of office as county judge expires.

Sheriff Callahan said he would wait a few days before making any attempt to arrest them, and give them time to come in and surrender.

Fear Assassination.

Lexington, Ky., Dec. 13.—Attorney Bach, of Breathitt county, says that Judge Hargis will not make a request for troops. He says that Deputy Sheriff Holliday acted indiscreetly, as he went without a warrant to arrest the Nobles. The Nobles do not want to be tried before Judge Hargis, as they were of a different political faction. The Nobles fear assassination if taken to Jackson under arrest.

Murders Caught.

Middlesboro, Ky., Dec. 13.—Sheriff Johnson, assisted by the military, has arrested two more men charged with murder. They are Luke Harper, charged with killing a man at Chenoweth, and Henry Jones, who killed Byers on Stony Park three years ago.

Clint Woods, under indictment for murder, has smallpox in Campbell county, Tenn.

Danville, Ky., Dec. 13.—Robert Cook, the 7-year-old son of William Cook, of Lancaster, shot his 5-year-old brother through the head with a .38-calibre pistol. The children found the weapon in an old press, and were playing cowboy. The wounded child was taken to Louisville for treatment, and the doctors will make an effort to find the bullet. Although the bullet entered just above the right eye and penetrated part of the brain, the lad is still alive, and it is believed his life can be saved if the ball is located.

STEPS IN THE RIGHT DIRECTION

Senators Heyburn's resolution, looking to the acquisition of Hayti and San Domingo by the United States, is a step in the right direction, says the Louisville Herald. Porto Rico is now ours; Cuba must soon be; the Dominican island, for many reasons, ought to be as soon as possible. The three islands, beginning with Cuba, just off the coast of Florida, constitute a long insular range, stretching for 1,500 miles out into the Caribbean sea. This island chain would, under the American flag, constitute an impregnable bulwark against foreign aggression on the South Atlantic coasts of the United States. It would be the insuperable barrier also to foreign assault on our isthmian canal and American territorial rights. It would give our republic that predominance in the West Indies needed for the full and prompt enforcement of the Monroe Doctrine.

To discharge our functions as a world power and to safeguard our continental paramountcy, certain territories are essentially needed, such as the islands just named in the Caribbean, and the Galapagos islands, off the Pacific coast of South America. With these island groups in our possession both termini of the canal would be effectively covered.

The acquisition of San Domingo is not a new question. In 1859 General Grant sent General Babcock to inquire into the whole subject. Babcock made a favorable report, whereupon a treaty with the Dominican republic was concluded November 29, 1869. The people of the black republic, by a decisive vote, declared in favor of annexation to the United States. But the appalling conduct of some of the carpetbag governments at that time throttling the south created a strong feeling against the addition of another racial problem to America's domestic difficulties, and the treaty failed of confirmation, even in a senate four-fifths Republican.

Now that we have solved forever the race problem in the south on the basis of Anglo-Saxon supremacy, there can be no objection, on that head, to the acquisition of the Dominican island. Grave reasons of policy call for such a course. We trust that Senator Heyburn's resolution may be unanimously indorsed.

"The cheapest and most contemptible practical joker is the miserable faker who sends false reports of marriages to the newspapers," says the Lexington Leader. "The Leader has been imposed upon in this way several times within the last year, the

names and incidents being given in the stories with such circumstantial detail as to be convincing of their accuracy. It has usually happened that the people concerned whom the notices are written are not personally known to the news editor through whose hands the items pass, but out of a desire to extend the courtesies of the paper to all who send in proper contributions such articles have been accepted when they were brought in by apparently reputable persons and bore evidence of truthfulness." Our own experience is that it is not safe to take marriages over the telephone, or any other way except from those concerned. We used to get fooled by these practical jokes, but it was a long time ago.

The fire and police commissioners of Paducah in re-electing the heads of the police and fire departments have pleased the people in general. Naturally there are always a few people without experience who care to do a thing better than those who have devoted years of work to it, or who have an axe to grind, and some of this class possibly think the commissioners ought to have elected some one else. The fact remains, however, that no man can make as good a chief of police as James Collins, and no man would make a better fire chief than James Wood. These officials have devoted many years to their work, and in this particular field know about all there is to know, and can do about all that anyone else could do. We say this because we believe it is true. Both of these officials are popular men, and they have hearts almost as big as they are.

The effort to get more money for our schools seems to meet with intelligent approval. At present less than half the registered school children attend the public schools. Yet there are not enough schools, and not enough money to run those we have. Something must be done, and the only one that can do anything is the legislature, which meets in January. It ought to be very easy to convince the members of the necessity of doing something for the relief of our schools.

It is a good thing that congress can get along without those democratic congressmen of ours. We have not kept track of all of the Kentucky delegations, but one is here helping try a murder case, another is up the state pulling wires in a political race for re-election, and another was called home by death in the family, and yet congress is going on just the same.

They took one of those now-fangled voting machines to Frankfort yesterday to show to Governor Beckham. Judging from reports in the anti-administration papers, however, the governor doesn't need any voting machines of this description. He already has a better one of another make.

Judge Hargis, we are informed, does not want any troops in Breathitt county. He can't be blamed. In their search for desperate characters, they might nab Judge Hargis the first one.

LIKE ROMANCE

READS STORY OF LONG QUEST FOR A WITNESS.

He is Finally Found and Establishes the Innocence of a Man Now Dead.

Mr. Sterling, Ky., Dec. 13.—The only witness to a fatal tragedy which occurred 43 years ago at North Middletown, Bourbon county, has just been found in the person of Nat Rogers, a prominent farmer of that county.

At the time of the tragedy, John Simpson was tavern keeper, and Joseph Langston the proprietor of a shoe shop in that little city. Mr. Langston, going to a nearby store one day on a business errand, arrived just in time to prevent a tragedy between Simpson and a farmer of the neighborhood. Langston returned to his shop and was seated at the work bench engaged in conversation with a young soldier who was on his way to join Morgan's command, then encamped at the Bourbon fair grounds.

While thus engaged, Simpson, under the influence of liquor, and smarting under an imaginary insult offered by Langston, entered the shop and started a difficulty. Simpson attempted to brain Langston with an iron poker, when the shoemaker arose from the bench with a shoe clamp in his hand, dealing Simpson a blow in the back of the head, crushing his skull. Simpson died next day without regaining consciousness. Langston looked around for the soldier who was the only witness to the affair, but he had disappeared.

Year after year passed away, the trial of Langston being postponed. Every effort was made to find the soldier, but without success. He was finally acquitted on the grounds of self-defense. Mr. Langston moved to this city in 1868, where he heard a family. During the rest of his life the mystery of the sole witness to the tragedy had not been solved.

Several years ago Mr. Langston died, leaving two sons, Joe W., of this city, and Officer John Langston, of Lexington, who had about given up hope of ever being able to exonerate their father. A short time ago, Officer Langston, while in Paris, engaged in conversation with a gentleman, whom he met on the street. Names were exchanged when the stranger, who proved to be Mr. Rogers, of Bourbon county, admitted that he was the soldier who witnessed the killing of Simpson, and assured Langston that his father was justified in the act.

Thus, after 43 years of doubt and uneasiness of mind, it was cleared up by the accidental meeting of these two men.

Medicine People's Views.

Paducah, Ky., Dec. 13, 1905.
A great many people do not understand the attitude of the manufacturers of proprietary medicines. The Proprietary association of America at its semi-annual meeting in New York, Dec. 4th and 5th, 1905, adopted the following resolutions, which meet my own, and I think the views of all the members of the association. These resolutions only put in concrete form what has been our attitude for years.

H. R. LINDSEY, Mgr.,
The E. E. Sutherland Medicine Co.
"The P. of A. Resolutions."

The Proprietary association of America at its semi-annual meeting held last week in this city, adopted certain resolutions which should receive the unqualified endorsement of every proprietary manufacturer and every retail druggist.
They are as follows:
Resolved, That this association thoroughly disapproves of any effort on the part of any persons or firms, members of this association or not, to market as medicines any articles which are intended to be used as alcoholic beverages or in which the medication is insufficient to bring the preparation properly within the category of legitimate medicines.
Resolved, That the legislative committee be and is hereby instructed to earnestly advocate legislation which shall prevent the use of alcohol in proprietary medicines for internal use in excess of the amount necessary as a solvent and preservative.
Resolved, That the legislative committee be also instructed to continue its efforts in behalf of legislation for the regulation of the sale of cocaine and other narcotics and poisons or medical preparations containing the same.
Resolved, That this association urge upon its members the most careful scrutiny of the character of their advertising and of claims for the efficacy of their various preparations, avoiding all over statements.

LIGHTS ARE OUT

GAMBLING OVER

The French Lick Resorts Have Been Closed.

Plungers Leave in Droves to Seek Greener Fields—Patrons Are Disappointed.

THE LID IS ON VERY TIGHT

West Baden, Ind., Dec. 13.—The lights are out and the doors are locked at the gambling casinos at West Baden and French Lick Springs and in these magnificently appointed places of chance where the goddess of fortune has been wooed by all classes and conditions of persons for years, the click of the roulette wheel, the fog-horn voice of the telegraph operator reading the returns from the race tracks all over the country, the whirr of the slot machines and other devices is stifled and the rooms present a forlorn and deserted appearance.

Ed Ballard's word is as good as his bond, and when he gave his word to Gov. Hanby that so far as he was concerned, gambling would cease at both the health resorts on December 10, he meant it and carried it into complete and full effect. Not over a slot machine was in commission today and public gaming is a thing of the past at the two resorts. Both club rooms had large and expensive pay rolls and locally speaking they will be badly missed. Ed Ballard has business interests at Hot Springs and will spend the winter months at that place. Joe Yeager, the well-known plunger, has been associated with Ballard in the conduct of the rooms at these resorts and will devote his attention to his stable of running horses on the southern tracks this winter.

Monday's trains took the small army of clubhouse employees now out of employment, to their homes all over the country. Large numbers of guests of the two resorts who were regular patrons also left disappointed at being deprived of their daily forms of amusement and the resorts are feeling the action of the governor pretty strongly. It is said that the open gaming that has been carried on in the towns of West Baden and French Lick, and also in the numerous saloons will next receive attention unless they are conducted in future in compliance with the law. There is no mistake this time about the lid being on good and tight on gaming at West Baden and French Lick Springs.

PURPLE CITY

PREPARATIONS BEGIN AT DENVER FOR ELKS' REUNION.

The Visitors Are Expected to Number 50,000 or 75,000.

Denver, Col., Dec. 13.—Denver is to be turned into a city of purple next July. When the warm winds of the day meet the cooling breezes from the mountains in the evening the city at the foot of the Rockies will be one mighty sea of purple.

The state of Colorado, the city of Denver, the park boards, the owners of private parks and gardens and the entire city of Denver in fact, will raise purple flowers in honor of the reunion of the B. P. O. Elks. Nature will be used in making every lawn bloom with purple flowers. Owners or managers of office buildings will unite with the tenants in having potted plants in windows. Added to this will be one of the finest electrical displays ever seen in the country, along with the bunting and flag display.

Thousands of dollars will be expended on this line and already florists are working over time, preparing seeds and plants for the first big demand.

Between 50,000 and 75,000 Elks are expected to travel toward Denver next year. Grand Exalted Ruler Brown has approved the plans of the Denver committee. Under the direction of William Maher, exalted ruler of Denver Lodge No. 17, \$60,000 is being raised to entertain the visitors. In addition to this the great mines of Colorado, gold and silver, are offering gold and silver medals as prizes. The roads have made a rate of \$25.00 from Chicago and this will attract many thousands of extra visitors. The plans of the entertainment committee are unique in details. The largest band of Indians ever gathered together, at least during the past ten years, will be on hand. Wyoming will join with Colorado in furnishing a big band of the real elk from the mountains and plains. Trips to the greatest mines in the world, trips to the mountains with W. F. W. at shows of the real order, and a few of the things in store for the visitors.

NOTHING DOING

For The Paraders—If They Stay Out Long They May Become "The Stroulers."

"The Paraders" was the attraction at the Kentucky theater last night. It was not much of a show, it was not musical comedy and was not good enough to be vaudeville. It is said the company had a hard time getting here from Evansville, and instead of having a large company as advertised, there were not over 25 or 30, all told.
Many of them were here earlier in the season with "The Rajah of Bhong," which formerly opened the Kentucky theater. The manager and musical director were both here with the other production, and several of the chorists as well as one or two of the principals were also with it. They did not state what became of "The Rajah."

Before the performance last night one of the women fainted back on the stage, but was not seriously ill. Today the company left for Murphysboro, Ill. It is thought to be on its last legs.

Dainty Foods Demand It

IN EVERY Receipt that calls for cream of tartar, soda, or baking powder, use the Royal Baking Powder. Better results will be obtained because of the absolute purity and great leavening strength of the Royal. It will make the food lighter, sweeter, of finer flavor, more digestible and wholesome. It is always reliable and uniform in its work.

Alum and phosphate baking powders—some of them sold at the same price and some of them cheaper—will make neither dainty nor wholesome food.

THE POSTAL.

Is Making Many Improvements. Between Cincinnati and Memphis.

The Postal Telegraph Co. is making decided improvements in its lines from Memphis to Cincinnati, which will carry with it a great expense in the installation of new wire along this route, a route about 500 miles long.

The wire has already been shipped out and distributed along the line of improvement. Linemen are working at different portions of the divisions, but the wire for Paducah has not been received yet. It is expected daily and will be strung as soon as it arrives. The work in this section will be under the supervision of lineman John O'Brien.

FINAL VICTORY.

For McClelland in New York Political Fight.

Albany, N. Y., Dec. 13.—The court of appeals in the petition of William R. Hearst to open the ballot boxes and recount the vote of the last election, today decided that the boxes could not be reopened. This will probably result in a victory for McClelland for mayor of New York.

Preparing Annual Report.

City Engineer L. A. Washington will begin shortly to compile his annual report to the board of public works and council.

A great deal of work has been done in the present year and Mr. Washington will suggest new improvements for the coming year. A new bridge over Island Creek will be recommended and also concrete fills at different places where had bridges are used.

A Fine Dog Dead.

The Spanish white pointer owned by Mrs. Oscar L. Gregory, died yesterday. "Chinita" was born in Mexico 19 years ago, and was of a very fine descent. She was a great favorite in the Gregory household and with their friends, and was well known in the city.

LEE'S ANNIVERSARY

WILL BE CELEBRATED BY THE
DAUGHTERS OF CONFED-
ERACY.

No Medals Will Be Conferred by the
Local Chapter—The Date is
January 10th.

In a few days the work of arranging for the celebration of Robert E. Lee's birthday will be started. His birthday falls on January 19 so the program will not be prepared until after the holidays.

Mrs. V. H. Thompson, president of the Daughters of the Confederacy, stated this morning that there would be some sort of an appropriate celebration but she could not tell just yet what it would be. However, she said there would be nothing elaborate as later the Daughters intend to give an entertainment for the Confederate monument to be erected here and for that reason the Lee commemoration will not be a big affair.

No crosses are to be conferred at this celebration. There are no applicants and Mrs. Thompson said that about all the veterans who were entitled to them had received them.

The Louisville Daughters of the Confederacy will entertain at the Louisville Hotel on the evening of January 1, in commemoration of Lee's birthday and it will be an elaborate affair.

BOY'S BODY UNDER WHEELS

Neck and All Bones in His Body
Broken—Mysterious Tragedy,
In Harrison.

Cynthiana, Ky., Dec. 13.—Frank Brown, aged six years, was run over by a log wagon at Clayville and instantly killed. His neck was broken and every bone in his body broken. The wagon was in charge of Esquire Kinney Six and the wheels had been locked so as to enable Six to handle the four horses in descending a long hill near Clayville. After reaching the bottom Six went to the rear of the wagon to unlock the wheels when to his horror he found the body of young Brown wedged under the wheels lifeless. Six was so shocked over the accident that he was unable to remove the body and waited until assistance arrived. At the coroner's inquest he was exonerated from blame attached to the boy's death, as he did not know he was near the wagon. How young Brown was caught under the wheels is a mystery.

Died in Texas.

A telegram was received here Monday announcing the death of Robt. L. Ellison, son of Robt. L. Ellison, at his home in Texas. No particulars have been received. The family resided here until their removal to Texas many years since, and have numerous relatives and friends in this part of Kentucky.—Murray Times.

THE YARD MEN ARE KEPT VERY BUSY NOW

Illinois Central Business Show
Big Increase.

1000 Freight Cars in the Yard To-
day—Great Increase Over
Last Year.

SOME OTHER RAILROAD NOTES.

This morning the local I. C. yards presented a very busy appearance. Switch engines were pulling vigorously about hastily making up trains and side-tracking cars. The greatest of haste had to be exercised in order to preclude a blockade for there were more cars in the yards this morning than there have been for months.

This morning there were 1,000 cars in the yards, about 200 more cars than the highest average for several months past. This is due to the heavy business the road is handling. The fact that so much freight was being handled, led a reporter to investigate. It was stated that the increase in business this year compared with the same period last year, was large.

"I would say that the increase of business for the present season compared with the same season last year," a well-known yard man stated this morning, "will amount to about 2,000 cars. This is a big increase and means that the country generally is enjoying prosperity. We are rushed daily with freight and are running bigger trains and more trains than ever before, to handle the business."

The 25 big 800-class engines are used on the Louisville division regularly and while the road saves little in actual time in movement, the engines pull many more cars and their installation is an economical step in this way.

Although there is the same yard space, blockade of the local yards seem to be a thing of the past—due to the efficiency of Yardmaster Stonebreaker. Mr. Stonebreaker is one of the best yard men in the country and has proven himself one of the very few who can successfully grapple with the Paducah yard situation successfully. He has not experienced a serious blockade since he took charge.

High Official Visits Firemen.

Mr. H. Parrell, traveling chairman of the Brotherhood of Locomotive Firemen, of the I. C. system, is in Paducah in the interest of the brotherhood, and was entertained last night by a joint meeting of the local brotherhood and the auxiliary, the Ladies' club. The social session was held over the Rogers grocery at 12th and Broadway and refreshments were served.

One feature of the season was the election of the best-looking man in the house. There were only a few present who agreed to have their names mentioned as candidates, but Col. John Tranham got into the race and walked away with the prize by an overwhelming vote. He won a cake on his good looks.

Mr. Parrell this morning inspected the coal chute to see how the firemen fare in coaling engines. The chute is one of the best on the system and a great labor saving improvement for the firemen. The local firemen brotherhood is in excellent condition and Mr. Parrell complimented the members highly.

Princeton a Busy Place.

Princeton is fast assuming the appearance of a thriving railroad town, and is a important center in railroading since the Nashville division of the road was created.

Princeton is the center of the division, having a corps of dispatchers for the Nashville division, and in account of the many trains which pass through the town the company is making a big train board measuring eight feet square. The board is being made in the I. C. shops here, and will be finished and painted this week. The regular schedule of all trains will be printed on the board which, by the way, is about five times the size of the Paducah bulletin train board.

Suffering From Concussion.

Mayfield, Ky., Dec. 13.—Little Susie Nelson is lying at the home of Mr. J. S. Thomas, suffering very much from concussion of the brain, caused by striking her head on the ground the other day, upon being thrown from her shetland pony. It was thought at first that her injury was not serious, but her suffering grew worse until now she is in a precarious condition.

Death in Calloway.

Murray, Ky., Dec. 13.—Jack Cain, a well-known citizen, died at the home of Nat Gibbons, his stepson, after only a few days illness of brain trouble. He had been connected with the tobacco business here for about forty years, and was a good, upright citizen. He served through this war on the Confederate side and was held in high esteem by his comrades. He was about 75 years old, and leaves a wife and one daughter, Mrs. Bates Richardson.

Shot His Wife.

Mayfield, Ky., Dec. 13.—Monday night Boone Dunbar, colored, of this city, while cleaning his pistol, accidentally pulled the trigger, and the bullet entered the left side of his wife, from which she is now in a serious condition. It is not thought she will recover.

Woman Commits Suicide.

Clayport, Ky., Dec. 13.—Mrs. James Helder, eighteen years of age, shot herself through the heart with a thirty-two caliber revolver and died three hours later. No cause is assigned for the deed. She leaves a husband, forty-five years old, and a seven-months-old infant.

Mrs. Helder arose and without speaking to a member of the family, secured the pistol and sent the ball through her body. The family is prostrated over the affair.

Smallpox Dying Out.

Bartholomew, Ky., Dec. 13.—The smallpox situation in the mountains shows considerable abatement and the disease is expected to be wiped out at an early date. Nearly all of the forty cases at Middleboro have been cured and prompt action by the health authorities has prevented a further spread, all persons showing symptoms being isolated. Quite a number of cases exist at Pineville but the epidemic has been under control for some time. The disease at both places has been in mild form. No smallpox has yet appeared here.

Hopkinsville, Ky., Dec. 13.—Harry L. Gaines and Miss Alberta Baker, of Julien, were married today at the home of the bride's mother, Mrs. Julien Stone Baker.

Captured Many Stills.

Richmond, Ky., Dec. 13.—W. T. Short, general deputy internal revenue collector, returned this morning after a moonshine raid through Breathitt and Perry counties. Three stills were destroyed, together with large quantities of beer and whiskey. Jake and Floyd Grigsby, of Perry county, and Tom Mullins, of Breathitt county, were taken into custody and lodged in jail at Jackson. The stills destroyed were very complete.

HENRY CLAY SEEMS TO BE A FAVORITE

Kentucky Delegation in Congress Favor a Statue.

Of the Great Statesman in the Hall of Fame—Legislature May Make Appropriation.

NO OCCASION FOR DELAY

Washington, Dec. 13.—No suggestion ever made meets with such unanimous approval from the Kentucky delegation in congress as the proposal that the legislature at Frankfort make an appropriation at its coming session for the purpose of erecting a statue of Henry Clay in Statuary hall at the capital in Washington.

Every Kentuckian in congress is proud of the fact that the great commoner was from his state, and shed such bright luster upon her name. Without exception the senators and representatives would like to see the legislature make suitable provision for the purchase of a fine statue, and there is no doubt that the ceremony attending its dedication would prove to be a notable event.

A majority of the states now have statues in the hall and others, which have not availed themselves of the privilege allowed by law are having them made. A federal statute permits each state to erect two statues in the National Hall, and 50 or 50 figures in marble or bronze now adorn what used to be the house of representatives before the capitol building was extended to its present magnificent proportions.

There are statues of men far less famous in American history than Henry Clay, and it has been a matter of regret for a long time that Kentucky has failed to honor his memory in the manner indicated.

Last winter a Washington correspondent interviewed the entire delegation were a unit in naming Henry Clay as one of the men whose memory this should be honored.

It is not necessary for the legislature to select both statues at the same time, so that, in the judgment of members of the delegation, there need be no occasion for delay beyond the approaching session.

No wonder scores of Paducah citizens grow enthusiastic. It is enough to make anyone happy to find relief after years of suffering. Public statements like the following are but truthful representations of the daily work done in Paducah by Doan's Kidney Pills.

J. B. Rourke, of 1027 South Fifth street, says: "I do not want it understood that Doan's Kidney Pills, procured at Alvey & Lusk's drug store, have radically cured me of attacks of backache, but I have been benefited inordinately by the treatment. I never expect to be free from kidney complaint, for I have suffered excruciatingly when the attacks were at their height. I could not stoop without pain; could not strengthen after sleeping without twinges and often was unable to turn in bed without moaning's groaning. Any remedy which gives the relief that Doan's Kidney Pills have given to me deserves the endorsement of the public."

Something About the English Woman's Part in Politics

London, Dec. 13.—As in America, women in England are today taking more and more active part in politics and just now the younger generation of women politicians are strenuously canvassing the city of London and has already become of such importance that women are now recognized by all politicians as a most potent political factor, well worth counting.

When the next general election comes there will hardly be any politicians in London who will not rely to a very great extent upon female assistants who have proved themselves both skillful canvassers and eloquent spellbinders.

As far back as the early eighties political leaders began to realize that women could be made invaluable allies in their struggle for supremacy, and it was indeed the men themselves who gave the first impulse to bring about the political organization of women.

At that time the Primrose league, with its Dame presidents, were formed, but ever since that first step was taken woman has gradually forced ahead to her present prominent position.

The liberal women were first to form an organization called "The Woman's Liberal Federation," with nearly 70,000 members, which has grown in strength every year.

The success of the political woman was a foregone conclusion from the very start, none of the expected developments

the active part now being taken in politics by girls, many of whom are still in their teens.

It goes without saying that the countess of Warwick's campaign has done more than anything else to arouse in the English woman of today a strong sense of her political rights and duties and it matters of time to develop the way they are developing now it will not be very many years before universal suffrage will be extended to all the women of England.

A most unusual bill which shows

low humanitarian ideas are growing will be put forward during the next session of parliament.

The city fathers want power to enable them to pay the fee of a doctor called in by a midwife to a patient who is too poor to engage medical assistance.

A special committee has already been appointed to take care of this bill which has a strong endorsement of every physician in London. The physicians also have appointed a committee which recently called upon the parliamentary committee of the council to make the suggestion that the council should not only pay the fees, but should ask the parliament to grant them powers to guarantee the fees in cases where it was necessary to call in doctors and the

patients could not pay.

Because the scheme will cost probably rather more than \$100,000 a year a number of the more conservative members of the county council are opposed to it, but they are outnumbered by the younger members who all consider the bill a step in the right direction.

The undergraduates of Oxford are indignant against the bishop of London who recently denounced the increase of the drinking habit amongst them. They do not deny that there is a certain amount of drinking among them, but they say that this has always existed and that it is rather decreasing than the opposite.

The students have the backing of the dons of the university who insist that the bishop's remarks were highly unjust.

The dean of Corpus Christi college, speaking to the representative of a prominent London paper concerning the bishop's remarks, said that after twenty years' experience of university life he could only say that he had never known any case of habitual drunkenness develop as the outcome of an Oxford education.

Another don, who a few years ago was dean of his college, says that "it is ridiculous of a man like the bishop of London to expect young men with plenty of animal spirits to act like the well-behaved young ladies of a convent."

"Drinking is certainly on the decrease at Oxford and the morals of the students of that great university compare most favorably with those of any other college in the world."

"I would suggest," he said, "that the bishop be challenged to produce the evidence on which he made this

GIVE YOUR STOMACH A NICE VACATION.

Don't Do It By Starving It Either—
Let a Substitute Do the Work.

The old adage, "All work and no play makes Jack a dull boy," applies just as well to the stomach, one of the most important organs of the human system, as it does to the man himself.

If your stomach is worn out and rebels against being taxed beyond its limit, the only sensible thing you can do is to give it a rest. Employ a substitute for a short time and see if it will not more than repay you in results.

Stuart's Dyspepsia Tablets are a willing and most efficient substitute. They themselves digest every bit of food in the stomach in just the same way that the stomach itself would, were it well. They contain all the essential elements that the gastric juice and other digestive fluids of the stomach contain and actually act just the same and do just the same work as the natural fluids would do, were the stomach well and sound. They, therefore, relieve the stomach, just as one workman relieves another, and permit it to rest and recuperate and regain its normal health and strength.

This "vacation" idea was suggested by the letter of a prominent lawyer in Chicago. Read what he says: "I was engaged in the most momentous undertaking of my life in bringing about the condition of certain great interests that meant much to me as well as my clients. It was not the work of days, but of months; I was working night and day almost when at a very critical time my stomach went completely back on me. The undue mental strain brought it about and hurried up what would have happened later on.

"What I ate I had to literally force down and that was a source of misery, as I had a sour stomach much of the time. My head ached, I was sluggish and began to lose my ambition to carry out my undertaking. It looked pretty gloomy for me and I confided my plight to one of my clients. He had been cured by Stuart's Dyspepsia Tablets and at once went down to a drug store and brought a box up to the office.

"I had not taken a quarter of that box before I found that they would do all the work my stomach ever did; and as a rest or vacation was out of the question for me, I determined to give my stomach a vacation. I kept right on taking the tablets and braced up and went ahead with my work with renewed vigor, ate just so much as I ever did and carried out that undertaking to a successful issue. I feel that I have Stuart's Dyspepsia Tablets to thank for saving me the handsomest fee I ever received as well as my reputation and last but not least my stomach."

Stuart's Dyspepsia Tablets are for sale by all druggists at 50 cents a box.

He held an accident policy and sued the company for \$50 a week while he was disabled.

Teddy, Jr., Is Some Hunter, Too.

Newport, N. H., Dec. 12.—Theodore Roosevelt, Jr., and Harold Edgell brought down a large elk and wild boar in their day's hunt in the Blue Mountains yesterday. Both animals were shot by Theodore, Jr., and were brought down with the first shot. The elk was an exceptionally large one, weighing 530 pounds, and the boar's head will be mounted for Roosevelt. IMMENSE COAL TOWS HAVE GONE SOUTH

The Record for the Past Week
Was 151,000 Tons.

No Danger of a Coal Famine On the
Lower Mississippi—Boats Still
Coming.

THE BEST SEASON IN YEARS.

On the tide which has kept the Ohio river at a navigable stage for a week nearly 151,000 tons of coal have gone past Paducah for Mississippi river ports and many boats and barges are on their way from the head of the river to which the tide still extends, and the prospects of a coal famine in southern ports are further from possible realization than for many years. Every feature of the situation this year has been favorable to an unusually good supply of coal.

The yellow-fever epidemic in the summer contributed in no small degree to the conservation of the coal supply. Ships from the tropics could not make port at New Orleans and consequently the piles of fuel on the docks remained there to swell the accumulation.

Instead of only one tide before Christmas, as is the rule, three good rises in the river occurred before November, and during August, September and October there were weeks when boats with tons of coal came down the Ohio river from Pittsburg. In past seasons November 1 has marked the beginning of the coal-shipping period, but this year large quantities of fuel have been sent south before the regular season began.

October 27 was the end of the last tide and at that time about 110,000 tons went to the Mississippi river. There are also over 21,000 tons due now for Mississippi river points and a number of small tows are expected during the week.

The shipment during the past week has been up to the average of former years in volume, and the tows are being sent south as fast as possible, while at Pittsburg tows are made up and waiting for boats to return empty. Thus the shipment will be kept up as long as the tide lasts at the upper river points.

The Boaz, which is coming down soon, is the last to start down the river, but the W. W. O'Neal is expected down shortly. She is the first back from the Mississippi river. The boat went south October 27. The John A. Wood and the J. B. Finley are expected to follow the O'Neal in a day or two. The Henry Lowery, with eighteen boats is held above Louisville waiting for the river to fall so she can get her high stacks under a bridge. The boats of the Henry Lowery will go toward making up the tow of the W. W. O'Neal.

Quality of Beer Depends Upon Superiority of Materials, Treatment and Maturity

Purity is a universal essential in all beers. The observance of cleanliness and sterilization will secure it.

Healthfulness, combined with flavor and taste, constitutes real quality, and these are impossible without the very best materials and the highest order of treatment. This is what science and experience teach.

Materials: To provide the public with a really good, palatable and wholesome beer of the Highest Quality, we use the best barley-malt, the highest grade hops, superior yeast, and in our pale beers a small percentage of rice. In all our beers we use the best and purest materials, regardless of cost.

Corn we never use, although it is not excluded by authority, and has the advantage of cheapness. We use no substitute of any kind to reduce our expense. We spare neither money nor care to fortify and increase our well earned and long established reputation.

Treatment and Maturity: We employ only the most modern methods of brewing, and our present storing capacity of 600,000 barrels is more than that of any two other breweries in the world.

These facilities enable us to age our beer the length of time necessary to guarantee its purity and maturity—not in printers' ink—but in fact.

Quality, depending upon the character of materials and the methods employed, is the real goal for competition among brewers.

At this goal we have been for many years.

It is for these reasons that

Budweiser

The King of Bottled Beers

must and does command a higher price than any other beer, and at the same time has a greater sale than all other bottled beers.

English Pupils Find That Americans Are Not So Wild and Wooly After All

London, Dec. 13.—The universities have now settled down into their ordinary course of work and play. I heard from Oxford that the Rhodes scholars have proved themselves, on the whole, such excellent people that their coming is no longer dreaded, as it was, for it is recognized that they need not necessarily be of the "Wick creation" and cowboy type, but possibly as quiet and as well behaved as the stolid Englishman. Christ church seems to have the greatest number of them this year—five Americans and one German. Oriel has five, and Balliol, Queen's, Magdalen, Exeter, Worcester and Hertford four each. Death has, during the long vacation, brought about a good many changes. In the administration of Oxford colleges, Oriel itself, the "Rhodes college," has a new Provost in the person of Dr. Shadwell, who is already a great success in the position. Dr. Shadwell, like the late Walter Pater, whose friends and literary executor he was, is a man of distinct individuality. A friend of his once told me that he had a remarkable taste for old silver, and select "pieces" of his collection ornament his dining table. If you happen to mention the subject of collecting, Dr. Shadwell will suddenly seize upon a spoon or a fork, a saltcellar or a carver and throw it toward you in a jocular way for your inspection. He has as

great a love for the picturesque as Walter Pater himself. It was generally hard to get at Pater, when he was a Don at Brasenose, to look at things from any but an artistic point of view. When he heard a colleague complaining that the undergraduates had hit a colossal bonfire in the quad he merely replied: "Yes, doesn't it make the spire of St. Mary's look beautiful?" and a riot had always a certain charm for him, could he only watch it from afar. "They are like young tigers that have been fed," was his verdict upon frantic undergraduates, and he quite liked watching the tigers at their sport.

Owner of Paper Too Stung to Employ Proof Reader.

New Orleans, Dec. 13.—The court of appeals today reversed the case of the court below in the suit of the Daily News vs. It. Wilkin, a printer to recover the price of an advertisement set by Wilkin.

The case has become celebrated in the Louisiana courts. Some time ago Wilkin, who is a linotype operator, set up an advertisement in the shape of a statement from a local bank. Wilkin made an error in setting the advertisement and on account of this error the bank refused

to pay for the advertisement. The News then sued Wilkin to recover the price of the advertisement and was awarded judgment in the lower court. Wilkin appealed and the court of appeals reversed the decision on the ground that the Daily News failed to employ expert proof readers, the proof reading being done

by Peter Kiernan, then owner of the paper, and Wilkin could not be held responsible for the neglect of the proprietor of the News in failing to provide the proper facilities in use in other newspaper offices.

THEATRICAL NOTES

The event of the season at The Kentucky will take place tonight when Jane Corcoran and a company of more than ordinary merit and size will present Arthur C. Alston and J. Emmett Baxter's beautiful production of Frances Aymar Matthews' picturesque play "Pretty Peggy." This will be the third season of this

maintained at that well known playhouse for one hundred nights, playing to capacity business during the entire engagement. The play was then taken to Chicago where it remained for three months, and here repeated its former success. The attraction then was taken on the road and toured as far west as

theater. The scenic equipment provided for the New York run of "Pretty Peggy" were said to be the most ponderous, as well as the most elaborate that has ever been built, with one probable exception—Belasco's production of "The Darling of the Gods." The New York production is promised in its entirety when "Pretty Peggy" is presented here, and in all probability it will be the largest ever seen on a local stage.

"Alvin Joslin."

"Alvin Joslin" is a play that is pronounced one of the best of its class and its wonderful success for many years has proved it to be so. The plot, the melodramatic effects and sensational situations are of the popular kind and the fun which is much in evidence keeps the audience in roars of laughter all the time. The play is staged with scenery carried by the company and gives views

"Alvin Joslin" at The Kentucky Saturday Matinee and Night.

of places in New York City where the majority of the scenes are laid. There is plot, story, action, and a Broadway bridge illuminated in the distance, Blister street, Bowery near Chatham street, Grand Central depot, Forty-second street, Fifth Avenue hotel, a thieves' den in Baxter street showing old Five Points, a Bowery concert hall and Union Square. There will be up-to-date specialties between the acts. All those who enjoy a hearty laugh should not miss seeing "Alvin Joslin" at The Kentucky Saturday matinee and night.

John Griffith as "Richard."

Shakespeare's sublime tragedy, "King Richard the Third," as revised and adapted by Colley Cibber, is the most satisfying of all the great dramatists' plays. This is the version used by the eminent tragedian, John Griffith, on his present tour, and he gives to it all possible animation and effect. Mr. Griffith's supporting company this season is surprisingly good, his costuming, scenery and general equipment is rich and historically correct; in fact his management has brought all the illumination of modern art and modern thought to the Shakespearean classic, and it exceeds in interest any current revival of the divine bard's immortal works. Mr. Griffith's success being the sensation of the season in theatrical and kindred circles, Mr. Griffith is booked to appear in this city on December 21, at The Kentucky, and he certainly will attract a very big audience.

Mildred Holland.

It is announced that Mildred Holland will make her appearance in Paducah on February 27th, presenting for the first time in this city Carina Jordan's successful play, "The Lily and The Prince." Miss Holland is, without question, one of the foremost actresses of the day. Her work always pleases and her personality is magnetic and exceedingly charming. She is the artist because she is endowed with the artistic instinct and has been thor-

oughly trained in the minute details of her profession. Under the direction of Edward C. White, who, knowing and appreciating the worth of his star, she has been given a production worthy of her. The result has been that theater-goers have never been disappointed in Miss Holland. "The Lily and The Prince" is a stirring play and Miss Holland's work in it has been highly praised everywhere.

New Year's Day Attention.

The company that will present Isabelle Wismark's comedy-opera, "The Chaperons," at The Kentucky on New Year's day is said to be one of the best singing organizations in America. It is under the auspices of Isabelle Wismark, of the famous music publishing family. Mr. Wismark is noted as one of the most lavish and liberal of all the producers in this country. Before "The Chaperons" made its advent Mr. Wismark laid out the entire scenic and costume scheme of the piece, with the result that Joseph Physloc, the scenic artist, developed two stage pictures that are marvels of beauty and spectacular effect, while the costume sketches which came from the celebrated poster artist, Archie Gunn, and which were faithfully duplicated by Mr. Wismark's wardrobe department, are most stunning examples of the modiste's art. But it is in the organization of the company where Mr. Wismark's musical taste shows most plainly. The first qualification demanded in a member of the company has been voice, histrionic ability and personal appearance, although absolutely necessary were, to speak, secondary considerations. Naturally it has been difficult to organize a company of comedians who could sing, and it is perhaps not necessary to say that all young women with good voices are not pretty, but Mr. Wismark succeeded, and it is his boast that every young woman in the company is pretty. The company presenting the piece this season is equipped with a complete new set of scenery and costumes.

Kansas Has Almost Wiped Out the Prairie Dog Pest After Five Years

Topeka, Kans., Dec. 13.—Kansas is almost at the end of a war of five years' duration on the prairie dogs. The war began immediately after the session of the legislature in 1901, and has lasted until the present year. The authorities who have been in command of the state's forces now believe that they have the fight won and that the prairie dogs in Kansas are nearly extinct. While the war of extermination has been waged against prairie dogs, it has also been directed against the pocket gophers. The prairie dogs infest the western end of the state and the pocket gophers destroy crops in the eastern half of Kansas.

Five years ago the depredations of the prairie dogs and pocket gophers reached a point where the commissioners of the various eastern counties offered rewards for the gophers, and the legislature of the state appropriated \$5,000 to be used in conducting experiments which would result in the discovery of a means of exterminating the prairie dogs. The first appropriation was made by the legislature of 1901, and the second appropriation was made in 1902. The state authorities determined to find a means of ridding Kansas of the pest. When the fight began in 1901, D. E. Lantz, field agent of the state's extermination office, made a few hundred acres of land, or as much land as the state owned, was made useless by the invasion of the prairie dogs.

The war against prairie dogs probably would not have started had it not been for the campaign of the many cattlemen of the western counties of the state. The prairie dog is subject to periodical recurrences of contagious diseases. These

diseases carry off the animals with great rapidity, but each 1901 the cattlemen had been free from the diseases for three or four years. As a consequence, they had increased until they were a menace to the ranches in the western counties.

Experiments conducted by the state's extermination office showed that carbon bisulphide and strychnine were the most effective poisons which could be used in the war for the extermination of the prairie dogs. The state sent a number of men into the field and spent in the neighborhood of \$10,000 in exterminating the dogs, and it is claimed that the state is practically free from them now, in many instances fifteen or twenty dead dogs were taken from one hole after the poison had been applied by the state agents.

\$75,000 LEFT

For Government Work in the Ohio River at Louisville.

Even though the great river and harbor bill does not materialize at this session of congress, and no appropriation is made for improvements, some money still remains to be spent on the improvements of the Ohio river. The most important item in the work that is to be done is the building of a movable dam, such as those already constructed, between the Indiana chute and the Middle chute at Louisville. This dam was to have been constructed last summer, but the water was not low enough for work to be prosecuted. The dam is to be the expenditure of \$70,000.

It is the hope of Capt. Harry Burgess, government engineer, that the construction of the dam between the middle chute and the Indiana chute

may be begun by the first of next August. The dam is to be 1,000 feet long, and will require two months for construction, if the weather is favorable.

Applications or recommendations have been made for additional improvements of the channel of the Ohio river at the falls, but unless a rivers and harbors bill is developed and does contain appropriations for these improvements, they are to be considered a thing of the future.

PADUCAH'S PAST PRESENT AND FUTURE

A Lively Article On the Progress and Needs of the City.

The Close of a Prosperous Year Should Inspire Plans For the Future.

THE COMMERCIAL CLUB WORK.

Paducah has prospered and grown from a small beginning along down the years of her past history to the present time, in spite of the fact that no great effort has ever been made to promote this growth, until we are now a city of close on to 30,000 inhabitants. Natural conditions and advantages of location such as unequalled river facilities for transportation has been the prime factor in our past growth, and if proper efforts are put forth our superior location can be made of vast importance to our continued growth. It is a fact that we have reached the point in our growth where, if our people remain quiescent and satisfied with present conditions, our growth is likely to remain stationary. If we do not actually retrograde, this can happen because of the fact that this is a day and age of progress, and it is the hustlers, both in individual trade lines and cities that forge ahead, and keep up in the front rank of improvement in increasing business, and growth. If Paducah is not to stand still, if our business interests are not to suffer if our laboring people are to be kept employed, if this city is not to become a city to be avoided by manufacturing concerns, by business enterprises, by home-seekers, and by outside capital, then I say to you that the entire citizenship of this city must wake up to the fact that we are practically at a standstill in the progress and prosperity of Paducah. Every business man, capitalist and laboring man in Paducah must realize that they owe a debt of gratitude to Paducah for whatever measure of prosperity they have had in this city. In the past and that they have been going along all these years, the great majority of them at least, without any thought of anything else but the almighty dollar, accumulating all possible to get. Like filling the soil from year to year absorbing and diminishing the substance without replenishing the same.

Citizens of Paducah, the time has arrived if you would reap bounteous crops for the future, that you must be willing to give up a reasonable amount of this substance to be invested in fertilizers (factories) which you must be willing to assist in spreading broadcast over this city in order that her growth may be revived, enriched and prosperous conditions insured. No man in Paducah would expect to operate a farm for years without the expenditure of money and trouble to keep up and add to the strength of the ground if he hoped for continued prosperity and bounteous crops. Our Commercial club has been instrumental in securing several substantial endorsements for Paducah within the past year, while this is true, unfortunately we have lost several enterprises that were heretofore established which, in a measure, offsets what has been accomplished by recent work. The work done by the Commercial club in the past few months has developed the fact that it is possible, by judicious advertising, to bring large numbers of people to our city seeking locations here. It has also demonstrated the importance and value of continuing this work in a larger measure. Our business people, professional men and property owners can not afford to ignore the importance of the Commercial club work, they can not afford to absolutely withhold any of their time or money in assisting the Commercial club in the efforts they are making to promote this city's good, from which every individual in Paducah will derive more or less benefit. The property owners in Paducah, those with long rent lists, substantial bank accounts and other property interests should wake up to the fact that it is up to them to loosen up their purse strings, and rally to the support of this organization, and do their duty as citizens and property owners, and by their example, and means, lead in our efforts to promote this city's good, and help bring into our organization every individual interest in Paducah, including the business interests, the property owners, the profession men, and the working men of the city, every individual from the greatest to the smallest should now at this time join in an earnest and honest effort to boom Paducah, and give her a boost that will send her along towards the 50,000 population mark in splendid order, which will add to the value of your property, add to the importance and value of your business, add to the number of patients

KENTUCKY LANDS

Will Be Surveyed by Geologist Experts from Washington.

Washington, Dec. 12.—The federal government will soon take steps which promise to be of great material value to the state of Kentucky. Upon the urgent request of Representative Hopkins, of Prestonsburg, the geological survey has decided to send a force of geologists to the Kentucky and Big Sandy river coal fields.

A complete survey of the region will be made, and an examination of the mineral resources conducted. The result will be published in an official document, and it is expected that the development of the section will follow soon afterward.

Mr. Hopkins believes that outside capitalists will be attracted when they learn how rich the coal fields are and that a large outlay of money will be made in opening mines and getting the product to market.

A NEW GAME

Is Now the Diversion in England and Is Very Popular.

London, Dec. 13.—Now that winter has set in earnest it appears that the progressive spelling bee, which has been out of sight and out of mind for many years, has made its appearance as a social pastime, but it is the spelling bee in a new and more complicated form, which offers greater opportunities for the exercise of ingenuity, the reverse of that provided by the old form of the game.

In the new game, which is known as "the double denion spelling bee," the novel point is that each player, when it comes to his or her turn, has the option of either spelling or prefixing a letter.

This opens out all sorts of new opportunities. Thus in case where the fifth player had to continue the letters "S-T-I-F" he would be able to get out of the difficulty by prefixing the letter "A," thus turning the growing word in the direction of "massing."

Some people display great ingenuity in playing "double denion," and discover all sorts of unexpected ways out of difficulties.

Thus the other day a well-known

woman had to continue the letters "s, c, a, l." She might have added another "l" and continued the word in the direction of "scallop," but the next power depending to be a conservative girl, she had the happy idea of prefixing the letter "i" to "scal," and the man to every one's amusement, was so appalled by the immensity of the dreaded word "island" that he overlooked the means of escape which lay in prefixing the letter "in" and diverting the game towards the word "unscal."

CHAPTER II.

Rain had fallen in the night, and a sweet savor of earth commingled with the summer air when I opened my door and looked forth upon the courtyard. The landlord gently deprecated the events of the previous evening, offering, as it might be to a fastidious guest, an apology for a headstrong young scapegrace.

"They're not like us of the eastern counties, sir," says he. "They're a bit Welsh hereabout. It's a contamination, to my way of thinking. But, there, all sorts of blood go to make a nation, and that's the truth."

But he volunteered a few additional particulars about Montgomery.

"Not a bad sort, sir, at heart, but he's running to seed here. He's taken a main fancy to you. That I could say at a look. But it's a poor prospect for him, with land dwindling away to nothing, and Llanthony is a shabby house for a young gentleman as he should be."

Llanthony, it appears, was the name of Montgomery's paternal estate in the Gwent. And, in fact, it was for this Gwent that I was bound this morning. The prospect of those rolling hills attracted me with some force. I had an appetite for the wilderness of that back country, unspoiled, as I learned, by the track of any railway. It was in a way virgin, at the least a property undevoted from the world. As I struck across the bay and directed my horse toward the long red slope of the ascent I looked back upon the little town and discovered it wrapped in mountain fumes.

Llanthony, according to my host, lay at the back of the first hill, some four miles from Raynham, but as the estate was not my particular aim, and, if it had been, I had no one to guide me, I roamed indefinitely through byways over a circuit of the upper Gwent and finally drew up in the village of Llanedra after the hour of lunch. This village lay a mile or so from the more open districts of the Gwent and within the petty borders of the great forest itself. It would have been easy to throw the reins upon the horse's neck and to wander, lost in the abysses of that wilderness, for the villages were scattered at a great distance and the habitations of the settlers were at long intervals. It was somewhere about 5 in the afternoon, and as I rode down into a spacious valley a few miles from Llanedra, that the monotony of this desolate journey was broken by an event of some moment.

A pretty brook rippled through the wood and was crossed upon a rude bridge. As it chimed, my horse foot suddenly lame, and I had dismounted on the farther edge of the stream to examine his foot when I heard sounds of a struggle in the dense brake to my left, and upon that a shrill shout as of one crying for assistance. Leaving the bay without further ado, for he was of mild mettle, I jumped into the copse and ran toward the noises, shouting as I went to encourage the wayfarer who was calling for aid.

The cries had already ceased, but a crackling and brushing in the undergrowth still directed me, and, bursting through the ferns and bracken, I came out very suddenly upon the verge of the little brook and almost fell over the form of a man who lay dazed upon the earth. As I stumbled and shifted to regain my balance I had a glimpse of a little, lean bodied fellow vaulting precipitately into the copse. But obviously it was to the victim that I must first turn my mind rather than to any fugitive assailant. He was a man, as I guessed, of some sixty years or more, very bald of the head and under the middle stature. Across his white and shining forehead was a streak of blood, which drew from me an exclamation as I beheld him to his feet.

"It is not mine," said he, with a complacent smile. "I go better prepared than my years would suggest."

"No bones broken?" I inquired.

He shook his head, leaning upon my arm and breathing painfully.

"A bruise or two, and no wind in my belly—no more. I was a fool to have forgotten my pistol."

The words recalled me to the thought of the runaway, to whom I attributed this scurvy trick upon an old gentleman.

"What was the cause?" I asked.

"Some highway thief?"

"Hardly that," he remarked thoughtfully, and pulling forth an ancient snuffbox with deliberation. "No, I could scarcely describe him as that."

I made a motion to withdraw, recollecting hastily that it was my duty to ascertain some tidings of the ruffian, but the old gentleman, observing my intention, put his hand upon my shoulder.

"I would not worry," said he suavely. "It is of small consequence as it happens. Now, had you come up a moment later," he continued, regarding me with a faint smile, "I could hardly have put a limit on this business, but as it is—"

"Surely," I broke in shortly, "you will have the brute arrested if you can recognize him again?"

"Recognize him?" murmured the old gentleman, smiling gently and with an air of consideration from his fingers. "Yes, I dare say I should know him, but I am sure you will allow me to manage this affair my own way. I have stood the racket, you know, though I heartily acknowledge you have acquired a certain claim to atten-

I had a glimpse of a little, lean bodied fellow.

tion. It is very good of you," he said politely, and then, "Yes, I think I should know him again—if we met—which is of course extremely improbable," he concluded, with a twinkle in his eyes.

Now, the self possession of this old fellow, with his air of imperturbable courage, puzzled me hugely and in a manner was very disconcerting. He had taken the outrage, which had evidently been committed upon his person, with such mildness, even with amiability. I could scarce credit my senses to see him discoursing there, with his snuff between his fingers, so pleasantly and broadly, of the event. He seemed quite unruffled, though his body still panted with the efforts of his struggle.

"Is your watch safe? I suppose it was robbery?" I said, feeling somehow rather mean and cast down by the unexpected situation.

"Thank you, quite safe," he replied, without troubling to ascertain. "Yes, quite safe. Certainly I must suppose it to have been robbery—yes, robbery, no doubt."

His air was so abstracted that I took leave to doubt his sanity; but, after all, it was no business of mine if he was foolishly disposed to mope, and one needs but little imagination to conceive of a dozen deep rousers for an assault save the plain motive of theft. He turned to me presently as I was upon the point of withdrawing.

"I am at a loss to know," said he, laboring over his words and speaking very deliberately, "what devil of folly pursues men that they will hazard all on a piece of carelessness, a wanton whim or just mere indifference or idleness. I cannot say." He paused as we emerged upon the road. "This must be your horse, then, a good, servicable animal, that would have warmed my heart thirty years since. I cannot say," he resumed, clenching gently at my arm, "that my adventure today was due to any other cause than that of mere carelessness." He paused again, surveying my horse with apparent interest. "In the first place, I should not have been so far from home; secondly, I should not have been without my revolver; thirdly, I should have used my stick harder when I got home, a precaution of negligence which made my fate almost a certainty but for your arrival," he added as a postscript, afterthought, squeezing my arm.

I confess that I was utterly at a loss what to make of him and was inclined to interpret him for a mild lunatic, but we proceeded along the roadway, I with the bridle of my horse over my

arm. He still clung to me, discoursing quietly in a melodious voice upon his views of life and the philosophy we should derive from it, while I listened, for the most part, in silence. But after walking for a quarter of an hour, the latter part of which time was spent in a somewhat laborious ascent, we came out upon the summit of a little hill and in the splendid livery of summer and surrounded by what seemed in the distance to be the ruins of a castle. Here the old gentleman came to a halt, ceasing simultaneously of his chatter, and looked toward the building.

"I am fully conscious, Mr. —, I don't think I caught your name, Mr. —."

"Grentorex," I told him.

"Thank you," said he. "I am fully conscious, Mr. Grentorex, that I am under a deep obligation to you for your great service this afternoon. Grentorex! There are, if I remember aright, Grentorexes in Hampshire."

I explained that we were endites of that family. He bowed his acknowledgments of my explanation and proceeded.

"Hospitality tells me that I can do no less than offer you the opportunity of refreshment for yourself or—his eyes dwelt abstractedly upon my horse—"for your animal. But I am reluctant to press the offer upon you, seeing that it is very probable you have ridden far—he was observing poor Llanthony's flanks—"and are still far from your destination."

His eyes interrogated me, but with no rude curiosity, rather as if he offered a remark which I might consider a question or not, as I chose. I answered frankly:

"I am staying at the Swan, in Raynham, and to say truly—I laughed—"I am not quite sure how far I am from the town or in what direction it lies."

"In that case," he said urbanely, but with a sense of satisfaction, as I imagined, "my reluctance vanishes. You are some seven miles from Raynham, and my house is here."

Without more ado we resumed our walk and, entering an avenue of limes, came next upon an iron gateway set in a high brick wall. It was of very ancient workmanship, but as nothing to the house itself, which came directly into full view as soon as we had passed the entrance. It lay some 300 yards back, approached through a patch of park grown with grass and interspersed with noble trees. My first impression had not been wrong. It was nothing less than the ruins of a small castle, one of those fortresses reared by the border barons against the inroads of Welsh hordes in the Plantagenet times. As we drew near my gaze devoured the building and took in many points of interest. It was quite small, but, saving for one wing, in perfect integrity. From the huge masonry of the drum towers down to the moat and portcullis all was as it had been in the days of the great Llanthony. The wing of the quadrangle to our left was dismantled and lay strewn with huge stones in precarious ruin. A hundred yards or so upon the other side, however, gleamed the red roof and heavy thatch of farm buildings, and a round stack or two in the neighborhood proved that the fortress kept its ancient uses no longer.

Coughing Spell Caused Death.

"Harry Duckwell, aged 25 years, choked to death early yesterday morning at his home, in the presence of his wife and child. He contracted a slight cold a few days ago and paid but little attention to it. Yesterday morning he was seized with a fit of coughing which continued for some time. His wife sent for a physician but before he could arrive, another coughing spell came on, and Duckwell died from suffocation."—St. Louis Globe-Democrat, Dec. 1st, 1904.

Washington, Dec. 13.—Secretary Bonaparte received the following telegram from A. E. Pillsbury, former Attorney General of Massachusetts: "May I not say to meeting called to preserve 'Constitution'; that she will not be destroyed."

Secretary Bonaparte's attitude regarding the fate of the historic old frigates is outlined in this telegram which was sent in reply: "Fate of Constitution in hands of congress. Personally wish to see her arise like a phoenix, but am too loyal to other Constitution to take unauthorized liberties with this one."

The excitement regarding the Constitution has been precipitated by a suggestion contained in Secretary Bonaparte's report that in view of the fact that only a few parts of the present Constitution can be identified as coming from the original ship of that name, they can be taken out and preserved in a new armored center of modern type to be called the Constitution.

He further suggested that the remainder of the present ship Constitution might appropriately be given a maritime ending by setting her up as a target for the North Atlantic fleet at its annual record target practice.

15 per cent off on Furs means a \$5.00 Fur will cost you \$4.25; ten dollar piece, \$8.50; twenty-dollar piece cost you \$17.00; twenty-five dollar piece cost you \$21.25; fifty-dollar piece cost you \$42.50. We have any kind of fur that is shown in any market, and the finest line ever shown in Western Kentucky.

There never was a time when the people of Paducah ever saw a greater line of Furs than is shown at our store right now. Nothing is more appropriate for a Xmas present to a member of your family or a friend than is a handsome set of furs. You can select them now and make a small deposit on them, and we will hold them until Xmas and you will derive the benefit of the 15 per cent reduction.

We have fur pieces for the neck as low as 75 cents. A respectable piece can be had from \$1.00 to \$1.50. \$2.50 to \$3.50 gets a four-in-hand Zaza tie, composed of very fair quality of fur. Pieces from \$5.00 to \$10.00 come under the head of nice fur, and can be worn by good dressers for two seasons without being ashamed of. On all these pieces as well as all of our furs we allow 15 per cent reduction during the sale.
